Hi Chef,

Just a quick note to let you know that sending Becca to the Walnut Hill College Summer Institute was a fabulous opportunity for her to make her decision about becoming a chef and to someday open her own restaurant. The summer program was a wonderful experience! During the three days that Becca spent there, she was given an overall experience in many facets of the culinary, baking and hospitality industry.

The experience is great for anyone who is trying to decide if it's what they want to do or anyone who isn't sure of which part of the field they wish to be in.

The program is run like clockwork and the staff at Walnut Hill were wonderful. I highly recommend that anyone thinking about these fields and can afford it, attend [Summer Institute]. The chefs, teachers, student volunteers, staff of the college & administration couldn't have given a better hands-on experience in this field than they did. Becca left after three days wanting to continue her dreams and even keeps in touch with the school as well as the people who were a great influence for her to continue to strive in her field.

The college rolls out the red carpet (literally) for the students and the families. The Director of Admissions is just a wonderful person who the kids seem to love! When have you seen a bunch of summer session kids all wanting to take a picture with the director of the college?

Thank you for giving Becca the opportunity to attend this past summer!

Sincerely Lynn & Mike M.
